In re Patent No. 7,399,787 : LETTER REGARDING  
Issued: July 15, 2008 : PATENT TERM ADJUSTMENT  
Application No. 10/616,649 : AND NOTICE OF INTENT TO ISSUE  
Filed: July 9, 2003 : CERTIFICATE OF CORRECTION  
Docket No. 24852-501 CIP2 :

This letter is in response to the "COMMUNICATION" filed May 29, 2008. Pursuant to patentees' duty of good faith and candor to the Office, patentees request that the determination of patent term adjustment under 35 U.S.C. 154(b) be reviewed for accuracy.

The request for review of the determination of patent term adjustment (PTA) is granted.

The patent term adjustment indicated in the patent is to be corrected by issuance of a certificate of correction showing a revised patent term adjustment of 581 days.

On May 29, 2008, patentees submitted the instant comment. On July 15, 2008, the above-identified application matured into U.S. Patent No. 7,399,787, with a revised patent term adjustment of 645 days.

Patentees direct the Office's attention to the filing of an Information Disclosure Statement (IDS) on March 12, 2008, after filing a reply to the nonfinal Office action.

The application history has been reviewed and it has been concluded that the determination of patent term adjustment under 35 U.S.C. 154(b) of 645 days is incorrect.

Pursuant to 37 CFR 1.704(c)(8):

(c) Circumstances that constitute a failure of the applicant to engage in reasonable efforts to conclude processing or examination of an application also include the following circumstances, which will result in the following reduction of the period of adjustment set forth in § 1.703 to the extent that the periods are not overlapping:

(8) Submission of a supplemental reply or other paper, other than a supplemental reply or other paper expressly requested by the examiner, after a reply has been filed, in which case the period of adjustment set forth in § 1.703 shall be reduced by the number of days, if any, beginning on the day after the date the initial reply was filed and ending on the date that the supplemental reply or other such paper was filed[.]

A review of the record reveals that an additional period of reduction is warranted for filing a second IDS on March 12, 2008. See 37 CFR 1.704(c)(8). The record does not support a conclusion that the examiner expressly requested the IDS filed March 12, 2008. Further, a review the IDS reveals that patentees did not include a statement under 37 CFR 1.704(d).<sup>1</sup> Thus, patentees failed to engage in reasonable efforts to

<sup>1</sup> Pursuant to 37 CFR 1.704(d):

A paper containing only an information disclosure statement in compliance with §§ 1.97 and 1.98 will not be considered a failure to engage in reasonable efforts to conclude prosecution (processing or examination) of the application under paragraphs (c)(6), (c)(8), (c)(9), or (c)(10) of this section if it is accompanied by a statement that each item of information contained in the information disclosure statement was first cited in any communication from a foreign patent office in a counterpart application and that this communication was not received by any individual designated in § 1.56(c) more than thirty days prior to the filing of the information disclosure statement. This thirty-day period is not extendable.

conclude prosecution of the application. Accordingly, a period of reduction of an additional 64 days (from January 9, 2008 to March 12, 2008) is warranted.

In view thereof, the patent should have issued with a revised patent term adjustment of **581 days** (739 days of Office delay - 158 days of applicant delay).

As this letter was submitted as an advisement to the Office of an error in patentees' favor, the Office will not assess the \$200.00 application fee under 37 CFR 1.18(e). The Office thanks patentees for their good faith and candor in bringing this to the attention of the Office.

The application is being referred to the Certificates of Correction Branch for issuance of a certificate of correction in order to rectify this error. The Office will issue a certificate of correction indicating that the term of the above-identified patent is extended or adjusted by **581 days**.

Telephone inquiries specific to this matter should be directed to Christina Tartera Donnell, Senior Petitions Attorney, at (571) 272-3211.
